The candidate must be a NBNA member for at least two years; must have completed at least one full semester/quarter in a graduate program; and, must have at least one full semester/quarter to go to complete the program of study.

Social Justice is not charity. Social justice is a virtue in which there is an organized, collaborative and interprofessional relationship among professionals that facilitates access to that which is good for all of society. It embodies all those factors which influence social determinants of health for all members of society.

When referencing to nursing...the profession of nursing and those entrusted as professional nurses...have a responsibility to continually work with others so that healthcare access and positive health outcomes are achieved for all of society. An evidence based strategy is to include service learning as a means of introducing components of social justice through student engagement in services projects.

This is an endowed scholarship.
